

MEMORANDUM

COVID-19 Policy Update

To: All Employees
Assembly/Board and Commission Members

From: Steve Giesbrecht, Borough Manager

Date: March 12, 2024

Subject: **New COVID Policy: Refer to CDC Guidelines**

The Borough's COVID policy will now be to follow the CDC recommendations.

The CDC has simplified its guidance for respiratory viruses, such as COVID-19, flu, and RSV.

Currently the CDC recommendations are: If you experience symptoms of a respiratory virus, you can return to your normal activities when both of the following conditions are met:

- Your symptoms are improving overall.
- You have not had a fever (and are not using fever-reducing medication) for at least 24 hours.

For more information, visit the CDC's website at [cdc.gov/respiratory-viruses](https://www.cdc.gov/respiratory-viruses) and click on **Updated Guidance**.
