## **INVITATION TO BID**

Notice is hereby given that the Petersburg Borough, Mountain View Manor will receive sealed bids for the MVM - Entrance Repair Project – 2024. Project scope: is the covered entrance to the Mountain View Manor facility, located at 16 North 12th Street. The purpose of this project is the repair and replacement of some rotted wooden beams, posts and decking of the entrance. In general the entire decking and sub-supports will be removed and replaced. Additional side wooden posts and ceiling support wooden beams will be removed and replaced. Miscellaneous work involving replacement of window wooden retaining strips located at the bottom of all windows will be replaced. The entire entrance will be cleaned and painted. The estimated construction cost for the base bid is between \$40,000 & \$80,000. All Work must be completed by December 15, 2024.

Sealed bids will be received by the Petersburg Borough, Post Office Box 329, Petersburg, Alaska 99833, located upstairs in the located upstairs in the Municipal Building, 12 South Nordic Drive, Petersburg, Alaska 99833 until 2:00 p.m. prevailing time on Friday, May 31, 2024 at which time the bids will be publicly opened and read aloud in the Assembly Chambers Conference Room.

The Contract Documents may be obtained from the Petersburg Borough, Petersburg Public Works Office, located at 303 South Second Street, Petersburg, Alaska 99833 (907) 772-4430. A non-refundable fee of \$30.00 made payable to the Petersburg Borough is required for each set of contract documents. Additional charges will be required for special handling or delivery of the documents by means other than first-class mail. The Contract Documents may also be downloaded free of charge on the Petersburg Borough website (https://www.petersburgak.gov/publicworks/page/current-bid-advertisements). All changes or addenda will be listed on the website. The Offeror's responsible for ensuring that they have received all Addenda affecting this Solicitation.

The City of Petersburg Standard Specifications (CPSS) that will be used in this contract are available for an additional fee of \$60.00 made payable to the Petersburg Borough or available for free on the Borough's website www.petersburgak.gov. Additional charges will be required for special handling or delivery of the documents by means other than first-class mail. The City of Petersburg Standard Specifications documents may also be obtained at the Petersburg Borough Public Works office.

Each bid shall be accompanied by a bid bond, cashier's check, or certified check made payable to the Petersburg Borough in the amount of five percent of the total bid price.

The Petersburg Borough reserves the right to reject any or all bids, to waive any informality in a bid, and to make an award to the lowest responsive, responsible bidder as it may best serve the interest of the Petersburg Borough MVM.

| (VIII) MINIMUM RATES OF PAY                           |
|   |
|   |
|   |
|   |

# **MINIMUM RATES OF PAY**

- I. General: The Contractor shall be responsible to pay all workers the state rates listed herein.
- II. State: State of Alaska, Department of Labor, Laborers' and Mechanics' Minimum Rates of Pay, AS 36.05.010 and A.S. 36.05.00, Wage and Hour Administration, Pamphlet No. 600, the latest edition published by the State of Alaska, Department of Labor inclusive, are made a part of this Contract by reference. The Contractor is responsible for contacting the Alaska Department of Labor to determine compliance with current regulations prior to bid.
- III. Required Reporting During Contract (to be reported by every Contractor and Subcontractor):
- A. Before each Friday, each Contractor and Subcontractor must file Certified Payrolls with Statements of Compliance for the previous week. If there was no activity for that week, indicate "No Activity." Indicate "Start" on your first payroll and "Final" on your last payroll for this project. Send to:

Labor Standard & Safety, DOLWD P.O. Box 111149 1111 8th Street, Rm 302 Juneau, Alaska 99811-1149 (907) 465-4842 Alan Murph Project Engineer P.O. Box 625 Petersburg, Alaska 99833 (907) 772-9216

- B. Within 10 days of the Notice of Award/Notice to Proceed make a list of all Subcontractors. Include their names, address, phone numbers, estimated subcontract amount, and estimated start and finish dates. Send the list to both addresses above.
- C. As part of the final payment request package, provide the following:
- 1. A completed Compliance Certificate and Release form from every Contractor and Subcontractor.
- 2. A final Subcontractor list complete with final subcontract amounts and including all equipment rentals (with operators.)

# Department of Labor and Workforce Development

Office of the Commissioner

Post Office Box 111149 Juneau, Alaska 99811 Main: 907.465.2700 fax: 907.465-2784

April 1, 2024

# TO ALL CONTRACTING AGENCIES:

At the Alaska Department of Labor and Workforce Development our goal is putting Alaskans to work. This pamphlet is designed to help contractors awarded public construction contracts understand the most significant laws of the State of Alaska pertaining to prevailing wages.

This pamphlet identifies current prevailing wage rates for public construction contracts (any construction projects awarded for the State of Alaska or its political subdivisions, such as local governments and certain non-profit organizations). Because these rates may change in a subsequent determination, please be sure you are using the appropriate rates. The rates published in this edition become effective April 1, 2024.

The prevailing wage rates contained in this pamphlet are applicable to public construction projects with a final bid date of April 11, 2024, or later. As the law now provides, these rates will remain stable during the life of a contract or for 24 calendar months, whichever is shorter. **The 24-month period begins on the date the prime contract is awarded.** Upon expiration of the initial 24-month period, the <u>latest</u> wage rates issued by the department shall become effective for a subsequent 24-month period or until the original contract is completed, whichever occurs first. This process shall be repeated until the original contract is completed.

The term "original contract" means the signed contract that resulted from the original bid and any amendments, including changes of work scope, additions, extensions, change orders, and other instruments agreed to by the parties that have not been subject to subsequent open bid procedures.

If a higher federal rate is required due to partial federal funding or other federal participation, the higher rate must be paid.

For additional copies of this pamphlet go to: <a href="http://labor.state.ak.us/lss/pamp600.htm">http://labor.state.ak.us/lss/pamp600.htm</a>

For questions regarding prevailing wage or employment preference requirements, please contact the nearest Wage and Hour office. These offices are listed on Page x.

Sincerely,

Catherine Muñoz

#### EXCERPTS FROM ALASKA LAW

# Sec. 36.05.005. Applicability.

This chapter applies only to a public construction contract that exceeds \$25,000.

# Sec. 36.05.010. Wage rates on public construction.

A contractor or subcontractor who performs work on a public construction contract in the state shall pay not less than the current prevailing rate of wages for work of a similar nature in the region in which the work is done. The current prevailing rate of wages is that contained in the latest determination of prevailing rate of wages issued by the Department of Labor and Workforce Development at least 10 days before the final date for submission of bids for the contract. The rate shall remain in effect for the life of the contract or for 24 calendar months, whichever is shorter. At the end of the initial 24-month period, if new wage determinations have been issued by the department, the latest wage determination shall become effective for the next 24-month period or until the contract is completed, whichever occurs first. This process shall be repeated until the contract is completed.

# Sec. 36.05.040. Filing schedule of employees, wages paid, and other information.

All contractors or subcontractors who perform work on a public construction contract for the state or for a political subdivision of the state shall, before the Friday of every second week, file with the Department of Labor and Workforce Development a sworn affidavit for the previous reporting period, setting out in detail the number of persons employed, wages paid, job classification of each employee, hours worked each day and week, and other information on a form provided by the Department of Labor and Workforce Development.

# Sec. 36.05.045. Notice of work and completion; withholding of payment.

- (a) Before commencing work on a public construction contract, the person entering into the contract with a contracting agency shall designate a primary contractor for purposes of this section. Before work commences, the primary contractor shall file a notice of work with the Department of Labor and Workforce Development. The notice of work must list work to be performed under the public construction contract by each contractor who will perform any portion of work on the contract and the contract price being paid to each contractor. The primary contractor shall pay all filing fees for each contractor performing work on the contract, including a filing fee based on the contract price being paid for work performed by the primary contractor's employees. The filing fee payable shall be the sum of all fees calculated for each contractor. The filing fee shall be one percent of each contractor's contract price. The total filing fee payable by the primary contractor under this subsection may not exceed \$5,000. In this subsection, "contractor" means an employer who is using employees to perform work on the public construction contract under the contract or a subcontract.
- (b) Upon completion of all work on the public construction contract, the primary contractor shall file with the Department of Labor and Workforce Development a notice of completion together with payment of any additional filing fees owed due to increased contract amounts. Within 30 days after the department's receipt of the primary contractor's notice of completion, the department shall inform the contracting agency of the amount, if any, to be withheld from the final payment.
- (c) A contracting agency
  - (1) may release final payment of a public construction contract to the extent that the agency has received verification from the Department of Labor and Workforce Development that
    - (A) the primary contractor has complied with (a) and (b) of this section;
    - (B) the Department of Labor and Workforce Development is not conducting an investigation under this title; and
    - (C) the Department of Labor and Workforce Development has not issued a notice of a violation of this chapter to the primary contractor or any other contractors working on the public construction contract; and

- (2) shall withhold from the final payment an amount sufficient to pay the department's estimate of what may be needed to compensate the employees of any contractors under investigation on this construction contract, and any unpaid filing fees.
- (d) The notice and filing fee required under (a) of this section may be filed after work has begun if
  - (1) The public construction contract is for work undertaken in immediate response to an emergency; and
  - (2) The notice and fees are filed not later than 14 days after the work has begun.
- (e) A false statement made on a notice required by this section is punishable under AS 11.56.210.

# Sec. 36.05.060. Penalty for violation of this chapter.

A contractor who violates this chapter is guilty of a misdemeanor and upon conviction is punishable by a fine of not less than \$100 nor more than \$1,000, or by imprisonment for not less than 10 days nor more than 90 days, or by both. Each day a violation exists constitutes a separate offense.

#### Sec. 36.05.070. Wage rates in specifications and contracts for public works.

- (a) The advertised specifications for a public construction contract that requires or involves the employment of mechanics, laborers, or field surveyors must contain a provision stating the minimum wages to be paid various classes of laborers, mechanics, or field surveyors and that the rate of wages shall be adjusted to the wage rate under <u>AS 36.05.010</u>.
- (b) Repealed by §17 ch 142 SLA 1972.
- (c) A public construction contract under (a) of this section must contain provisions that
  - (1) the contractor or subcontractors of the contractor shall pay all employees unconditionally and not less than once a week;
  - (2) wages may not be less than those stated in the advertised specifications, regardless of the contractual relationship between the contractor or subcontractors and laborers, mechanics, or field surveyors;
  - (3) the scale of wages to be paid shall be posted by the contractor in a prominent and easily accessible place at the site of the work;
  - (4) the state or a political subdivision shall withhold so much of the accrued payments as is necessary to pay to laborers, mechanics, or field surveyors employed by the contractor or subcontractors the difference between
    - (A) the rates of wages required by the contract to be paid laborers, mechanics, or field surveyors on the work; and
    - (B) the rates of wages in fact received by laborers, mechanics, or field surveyors.

#### Sec. 36.05.080. Failure to pay agreed wages.

Every contract within the scope of AS 36.05.070 shall contain a provision that if it is found that a laborer, mechanic, or field surveyor employed by the contractor or subcontractor has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid, the state or its political subdivision may, by written notice to the contractor, terminate the contractor's right to proceed with the work or the part of the work for which there is a failure to pay the required wages and to prosecute the work to completion by contract or otherwise, and the contractor and the contractor's sureties are liable to the state or its political subdivision for excess costs for completing the work.

#### Sec. 36.05.090. Payment of wages from withheld payments and listing contractors who violate contracts.

- (a) The state disbursing officer in the case of a state public construction contract and the local fiscal officer in the case of a political subdivision public construction contract shall pay directly to laborers, mechanics, or field surveyors from accrued payments withheld under the terms of the contract the wages due laborers, mechanics, or field surveyors under AS 36.05.070.
- (b) The state disbursing officer or the local fiscal officer shall distribute to all departments of the state government and to all political subdivisions of the state a list giving the names of persons who have disregarded their obligations to employees. A person appearing on this list and a firm, corporation, partnership, or association in which the person has an interest may not work as a contractor or

subcontractor on a public construction contract for the state or a political subdivision of the state until three years after the date of publication of the list. If the accrued payments withheld under the contract are insufficient to reimburse all the laborers, mechanics, or field surveyors with respect to whom there has been a failure to pay the wages required under AS 36.05.070, the laborers, mechanics, or field surveyors have the right of action or intervention or both against the contractor and the contractor's sureties conferred by law upon persons furnishing labor or materials, and in the proceedings it is not a defense that the laborers, mechanics, or field surveyors accepted or agreed to accept less than the required rate of wages or voluntarily made refunds.

## Sec. 36.05.900. Definition.

In this chapter, "contracting agency" means the state or a political subdivision of the state that has entered into a public construction contract with a contractor.

## **EXCERPTS FROM ALASKA ADMINISTRATIVE CODE**

\*\*\*Notice: Regulations relating to board and lodging and per diem went into effect on November 25, 2018. The new regulations are excerpted here\*\*\*

<u>8 AAC 30.051. Purpose.</u> The purpose of 8 AAC 30.052 - 8 AAC 30.056 is to ensure that wages paid to laborers, mechanics, and field surveyors do not fall below the prevailing rate of pay.

**8 AAC 30.052. Board and lodging; remote sites.** (a) A contractor on a public construction project located 65 or more road miles from the international airport closest to the project area in either Fairbanks, Juneau, or Anchorage, or that is inaccessible by road in a two-wheel drive vehicle, shall provide adequate board and lodging to each laborer, mechanic, or field surveyor while the person is employed on the project. If commercial lodging facilities are not available, the contractor shall provide temporary lodging facilities. Lodging facilities must comply with all applicable state and federal laws. For a highway project, the location of the project is measured from the midpoint of the project.

- (b) A contractor is not required to provide board and lodging:
  - (1) to a laborer, mechanic, or field surveyor who is a domiciled resident of the project area; or
  - (2) on a laborer, mechanic, or field surveyor's scheduled days off, when the person can reasonably travel between the project and the person's permanent residence; for the purposes of this paragraph, "scheduled day off" means a day in which a person does not perform work on-site, is not required to remain at or near the job location for the benefit of the contractor, and is informed of the day off at least seven days before the day off.
- (c) Upon a contractor's written request, the commissioner may waive the requirements of (a) of this section where:
  - (1) the project is inaccessible by road in a two-wheel drive vehicle, but the laborer, mechanic, or field surveyor can reasonably travel between the project and the person's permanent residence within one hour; or
  - (2) a laborer, mechanic, or field surveyor is not a domiciled resident of the project area, but has established permanent residence, with the intent to remain indefinitely, within 65 road miles of the project, or for a highway project, the mid-point of the project.
- **8** AAC 30.054. Per diem instead of board and lodging. (a) A contractor may pay a laborer, mechanic, or field surveyor per diem instead of providing board and lodging, when the following conditions are met:
  - (1) the department determines that per diem instead of board and lodging is an established practice for the work classification; the department shall publish and periodically revise its determinations in the pamphlet *Laborers and Mechanics Minimum Rates of Pay*;
  - (2) the contractor pays each laborer, mechanic, or field surveyor the appropriate per diem rate as published and periodically revised in the pamphlet *Laborers and Mechanics Minimum Rates of Pay*; and

- (3) the contractor pays the per diem to each laborer, mechanic, or field surveyor on the same day that wages are paid.
- (b) A contractor may not pay per diem instead of board and lodging on a highway project located
  - (1) west of Livengood on the Elliot Highway, AK-2;
  - (2) on the Dalton Highway, AK-11;
  - (3) north of milepost 20 on the Taylor Highway, AK-5;
  - (4) east of Chicken on the Top of the World Highway; or
  - (5) south of Tetlin Junction to the Alaska-Canada border on the Alaska Highway, AK-2.

<u>8 AAC 30.056. Alternative arrangement.</u> Upon a contractor's written request, the commissioner may approve an alternative board and lodging or per diem arrangement, provided

- (1) the arrangement does not reduce the laborer, mechanic, or field surveyor's wages below the prevailing wage rate; and
- (2) the laborer, mechanic, or field surveyor voluntarily enters into and signs the written arrangement; a labor organization representing laborers, mechanics, or field surveyors may enter into the written agreement on their behalf.

# **8 AAC 30.900. General definitions** (selected excerpts only):

In this chapter and in AS 36

- (22) "domiciled resident" means a person living within 65 road miles of a public construction project, or in the case of a highway project, the mid-point of the project, for at least 12 consecutive months prior to the award of the public construction project;
- (23) "employed on the project" means the time period from the date the laborer, mechanic, or field surveyor first reports on-site to the project through the final date the person reports on-site to the project.

#### ADDITIONAL INFORMATION

#### **PER DIEM**

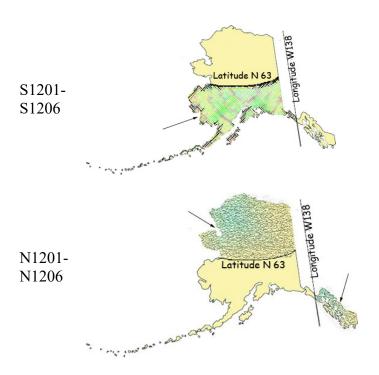

**Notice:** New regulations relating to board and lodging and per diem went into effect on November 25, 2018. The regulations provide a comprehensive set of requirements for the provision of board and lodging or per diem for workers on remote projects. Please refer to Alaska Administrative Code 8 AAC Chapter 30 and read the chapter carefully.

The Alaska Department of Labor and Workforce Development has determined that per diem is an established work practice for certain work classifications. These classifications are indicated throughout the Pamphlet by an asterisk (\*) under the classification title. If all of the conditions of 8 AAC 30.054 are met, an employer may pay workers in these classifications per diem instead of providing board and lodging on a remote project.

**Per Diem Rate:** As of May 1, 2019, the minimum per diem rate is \$100.00 per day, or part thereof, the worker is employed on the project. In the event that a contractor provides lodging facilities, but no meals, the department will accept a payment of \$48 per day for meals to meet the per diem requirements.

## LABORER CLASSIFICATION CLARIFICATION

The laborer rates categorized in class code S1201-S1206 apply in one area of Alaska; the area that is south of N63 latitude and west of W138 Longitude. The laborer rates categorized in class code N1201-N1206 apply in two areas of Alaska; the Alaska areas north of N63 latitude and east of W138 longitude. The following graphic representations should assist with clarifying the applicable wage rate categories:

#### **APPRENTICE RATES**

Apprentice rates at less than the minimum prevailing rates may be paid to apprentices according to an apprentice program which has been registered and approved by the Commissioner of the Alaska Department of Labor and Workforce Development in writing or according to a bona fide apprenticeship program registered with the U.S. Department of Labor, Office of Apprenticeship Training. Any employee listed on a payroll at an apprentice wage rate who is not registered as above shall be paid the journeyman prevailing minimum wage in that work classification. Wage rates are based on prevailing crew makeup practices in Alaska and apply to work performed regardless of either the quality of the work performed by the employee or the titles or classifications which may be assigned to individual employees.

#### FRINGE BENEFIT PLANS

Contractors/subcontractors may compensate fringe benefits to their employees in any one of three methods. The fringe benefits may be paid into a union trust fund, into an approved benefit plan, or paid directly on the paycheck as gross wages.

Where fringe benefits are paid into approved plans, funds, or programs including union trust funds, the payments must be contributed at least monthly. If contractors submit their own payroll forms and are paying fringe benefits into approved plans, funds, or programs, the employer's certification must include, in addition to those requirements of <u>8 AAC 30.020(c)</u>, a statement that fringe benefit payments have been or will be paid at least monthly. Contractors who pay fringe benefits to a plan must ensure the plan is one approved by the Internal Revenue Service and that the plan meets the requirements of <u>8 AAC 30.025</u> (eff. 3/2/08) in order for payments to be credited toward the prevailing wage obligation.

#### SPECIAL PREVAILING WAGE RATE DETERMINATION

Special prevailing wage rate determinations may be requested for special projects or a special worker classification if the work to be performed does not conform to traditional public construction for which a prevailing wage rate has been established under <u>8 AAC 30.050(a)</u> of this section. Requests for special wage rate determinations must be in writing and filed with the Commissioner <u>at least 30 days before the award of the contract</u>. An applicant for a special wage rate determination shall have the responsibility to support the necessity for the special rate. An application for a special wage rate determination filed under this section must contain:

- (1) a specification of the contract or project on which the special rates will apply and a description of the work to be performed;
- (2) a brief narrative explaining why special wage rates are necessary;
- (3) the job class or classes involved;
- (4) the special wage rates the applicant is requesting, including survey or other relevant wage data to support the requested rates;
- (5) the approximate number of employees who would be affected; and
- (6) any other information which might be helpful in determining if special wage rates are appropriate.

Requests made pursuant to the above should be addressed to:

Director
Alaska Department of Labor and Workforce Development
Labor Standards and Safety Division
Wage and Hour
P.O. Box 111149
Juneau, AK 99811-1149

Email: statewide.wagehour@alaska.gov

## EMPLOYMENT PREFERENCE INFORMATION

In October 2019, the Alaska Attorney General issued a formal opinion stating that the Alaska Statutes 36.10.150 of the State's 90% Employment Preference law, also known as the Alaska Resident Hire law, violates both the U.S. and Alaska Constitutions. As a result, the state has stopped all enforcement activity. A copy of the Attorney General opinion is found here:

http://law.alaska.gov/pdf/opinions/opinions 2019/19-005 AK-hire.pdf

### LABOR STANDARDS AND SAFETY NOTICE REQUESTS

If you would like to receive Wage and Hour or Mechanical Inspection **regulation notices** or **publications information**, they are available via electronic mail, by signing up in the GovDelivery System, <a href="https://public.govdelivery.com/accounts/AKDOL/subscriber/new">https://public.govdelivery.com/accounts/AKDOL/subscriber/new</a> and selecting topics LSS – Wage and Hour – Forms and Publications, LSS – Mechanical Inspection Regulations, or LSS – Wage and Hour Regulations.

Publications are also available online at http://labor.alaska.gov/lss/home.htm

### DEBARMENT LIST

<u>AS 36.05.090(b)</u> states that "the state disbursing officer or the local fiscal officer shall distribute to all departments of the state government and to all political subdivisions of the state a list giving the names of persons who have disregarded their obligations to employees."

A person appearing on the following debarment list and a firm, corporation, partnership, or association in which the person has an interest may not work as a contractor or subcontractor on a public construction contract for the state or a political subdivision of the state for three years from the date of debarment.

<u>Company Name</u> <u>Debarment Expires</u>

No companies are currently debarred.

A1601 Group I, including:

Cleaning Machine

Coating Machine

Concrete Hydro Blaster

Cranes (45 tons & under or 150 feet of boom & under (including jib & attachments))

- (a) Hydralifts or Transporters, (all track or truck type)
- (b) Derricks
- (c) Overhead

Crushers

Deck Winches, Double Drum

Ditching or Trenching Machine (16 inch or over)

Drag Scraper, Yarder, and similar types

Drilling Machines, Core, Cable, Rotary and Exploration

Finishing Machine Operator, Concrete Paving, Laser Screed, Sidewalk,

Curb & Gutter Machine

Grade Checker and/or Line and Grade including Drone

Helicopters

Hover Craft, Flex Craft, Loadmaster, Air Cushion, All-Terrain Vehicle,

Rollagon, Bargecable, Nodwell, & Snow Cat

Hydro Ax, Feller Buncher & similar

Hydro Excavation (Vac-Truck and Similar)

Loaders (2 1/2 yards through 5 yards, including all attachments):

- (a) Forklifts (with telescopic boom & swing attachment)
- (b) Front End & Overhead, (2-1/2 yards through 5 yards)
- (c) Loaders, (with forks or pipe clamp)
- (d) Loaders, (elevating belt type, Euclid & similar types)

Material Transfer Vehicle (Elevating Grader, Pickup Machine, and similar types)

Mechanic, Welder, Bodyman, Electrical, Camp & Maintenance Engineer

Micro Tunneling Machine

Mixers: Mobile type with hoist combination

Motor Patrol Grader

Mucking Machine: Mole, Tunnel Drill, Horizontal/Directional Drill

Operator and/or Shield

Off-Road Hauler (including Articulating and Haul Trucks)

Operator on Dredges

Piledriver Engineer, L.B. Foster, Puller or similar paving breaker

Plant Operator (Asphalt & Concrete)

Power Plant, Turbine Operator 200 k.w & over (power plants or

combination of power units over 300 k.w.)

Remote Controlled Equipment

Scraper (through 40 yards)

<sup>\*</sup> Per diem is an established practice for this classification. This means that per diem is an allowable alternative to board and lodging if all criteria are met. See 8 AAC 30.051-08 AAC 30.056, and the per diem information on page vii of this Pamphlet.

<sup>\*\*</sup> Work in combination of classifications: Employees working in any combination of classifications within the diving crew (working diver, standby diver, and tender) in a shift are paid in the classification with the highest rate for a minimum of 8 hours per shift.

### **Shipyard Rates Addendum**

This Addendum was developed to address the specialized industry of shipbuilding/repair in Alaska, as it relates to public works. For the purposes of providing rates for shipyard work the Department is adopting Shipyard rates from the state of Washington (King County). These rates only apply to work done in shipbuilding/repair in Alaska, under a public contract. This addendum will be updated two times a year to coincide with the corresponding Issue of *Laborers and Mechanics MINIMUM RATES OF PAY*.

### **SPECIAL PROVISIONS**

### **GENERAL INFORMATION**

### REFERENCE TO CITY OF PETERSBURG STANDARD SPECIFICATIONS (CPSS)

This Contract is subject to and hereby incorporates by reference the City of Petersburg Standard Specifications: Streets - Drainage - Utilities - Parks, dated 2012, hereafter referred to as CPSS. These Special Provisions amend the CPSS. Standard details (CPSD) contained in the CPSS are also to be considered a part of this contract. Details shown on the plans shall govern over any like standard details contained in the CPSS unless otherwise noted in the Special Provisions.

### MODIFICATIONS AND/OR ADDITIONS TO THE CITY OF PETERSBURG STANDARD SPECIFICATIONS

The following provisions of CPSS are hereby amended:

### **DIVISION 10 - GENERAL PROVISIONS**

### SECTION 10.03 AWARD AND EXECUTION OF CONTRACT

#### **Article 3.1 General**

Add the following: NO Bid Preference for Residents is allowed in this contract. Petersburg Borough Municipal Code; Chapter 4.04 - Purchasing, Section 4.04.050 - Bid Preference for Residents does not apply to this contract.

### **Article 3.2 Receipt and Opening of Bids**

Add the following to the end of the second paragraph:

Telegraphic modifications shall be received by Fax at Ph. (907) 772-3759

### **Article 3.6 Execution of Contract**

Replace the words "five (5)" with the words "ten (10)" in the first sentence

### **SECTION 10.04 SCOPE OF WORK**

### SECTION 10.05 CONTROL OF WORK

### **Article 5.22 Time for Completion of Work**

Replace the first sentence in the first paragraph with the following:

The Contract Commencement and Completion Dates are stipulated in Article 3 of the Owner-Contractor Agreement.

### **Article 5.27 Liquidated Damages**

Replace the words "the Special Provisions" with "Article 3 of the Owner-Contractor Agreement" at two locations in the first paragraph.

### SECTION 10.07 MEASUREMENT AND PAYMENT

### **Article 7.1 Method of Measurement**

Delete all paragraphs except the first paragraph.

### **SECTIONS 15-75**

All articles titled; "MEASUREMENT" and "BASIS OF PAYMENT" shall be deleted in their entirety. Measurements and payments shall be made as described in the Supplemental Technical Specification SECTION 1015 MEASUREMENT AND PAYMENT. Applicable sections within the CPSS for which there is no direct reference within Section 1015, Measurement and Payment shall be considered incidental to other pay items.

### MOUNTAIN VIEW MANOR ENTRANCE REPAIR PROJECT - 2024

## 

### **SECTION 1010 - SUMMARY OF WORK**

### PART 1 – GENERAL

### 1.1 GENERAL

A. The WORK to be performed under this contract shall consist of furnishing all plant, tools, equipment, materials, supplies, manufactured articles, labor, transportation and services, including fuel, power, water, and essential communications, and performing all WORK, or other operations required for the fulfillment of the contract in strict accordance with the Contract Documents. The WORK shall be complete, and all work, materials, and services not expressly indicated or called for in the Contract Documents which may be necessary for the complete and proper construction of the WORK in good faith shall be provided by the CONTRACTOR as though originally so indicated, at no increase in cost to the OWNER.

### 1.2 WORK COVERED BY CONTRACT DOCUMENTS

A. WORK generally consists repair of the covered entrance to the Mountain View Manor facility, located at 16 North 12th Street. The purpose of this project is the repair and replacement of some rotted wooden beams, posts and decking of the entrance. In general the entire decking and subsupports will be removed and replaced. Additional side wooden posts and ceiling support wooden beams will be removed and replaced. Miscellaneous work involving replacement of window wooden retaining strips located at the bottom of all windows will be replaced. The entire entrance will be cleaned and painted.

### 1.3 SITE OF THE WORK

A. The site of the WORK is located in Petersburg, Alaska, at the covered entrance to the Mountain View Manor facility, located at 16 North 12th Street.

### BEGINNING AND COMPLETION OF THE WORK

A. Time is the essence of the contract. All WORK shall be completed in accordance with the following schedule:

### WORK DESCRIPTION COMPLETION DATE

Substantial Completion for all Work November 30, 2024

Final Completion for All WORK

under the Contract Documents December 15, 2024

#### 1.5 CONTRACT METHOD

A. The WORK hereunder will be constructed under a unit-price contract

### 1.6 CONTRACTOR USE OF PROJECT SITE

A. The CONTRACTOR will provided with a staging area. The area will be approximately 20' x 40' located within the parking lot adjacent to the facility. The engineer will specify the exact location.

### SECTION 1015 – MEASUREMENT & PAYMENT

### **PART 1-GENERAL**

#### 1.1 SCOPE

- A. Payment for the various items of the Bid Schedule, as further specified herein, shall include all compensation to be received by the CONTRACTOR for furnishing all tools, equipment, supplies, and manufactured articles, and for all labor, operations, and incidentals appurtenant to the items of WORK being described, as necessary to complete the various items of the WORK all in accordance with the requirements of the Contract Documents, including all appurtenances thereto, and including all costs of PERMITS and cost of compliance with the regulations of public agencies having jurisdiction, including Safety and Health Requirements of the Occupational Safety and Health Administration of the U.S. Department of Labor (OSHA).
- B. No separate payment will be made for any pay item that is not specifically set forth in the Bid Schedule, and all costs therefore shall be included in the prices named in the Bid Schedule for the various appurtenant items of WORK.
- C. In addition to other incidental items of WORK listed elsewhere in the contract, the following items shall also be considered incidental to other items of WORK under this contract:
  - 1. Re-vegetating areas disturbed during construction.
  - 2. Siltation and pollution control.
  - 3. Maintenance of all services throughout the Project area, including water, storm, garbage pickup, mail delivery, other deliveries, and emergency vehicles.
  - 4. Miscellaneous attachment hardware as required to install new equipment.
  - 5. Transport, shipping, and delivery of all materials to the project site, undamaged and in new condition.
  - 6. Minor grading of fill and leveling course materials as required to maintain positive surface drainage at all locations.
  - 7. Coordination with work being performed by others on the site

### 1.2 MOBILIZATION (Pay Item Nos. 1510.1) PRICE BASED ON LUMP SUM

- A. Measurement for payment for Mobilization shall be based upon the completion of the entire WORK as a Lump Sum Pay unit, complete, all in accordance with the requirements of the Contract Documents.
- B. Payment for Mobilization under the Bid shall be made at the amount shown on the Bid Schedule under Pay Item No. 1510.1, which payment shall constitute full compensation for all WORK described in Section 1505 Mobilization, as shown on the Plans and as directed by the ENGINEER.
- C. Partial payments will be made as the WORK progresses as follows:
  - 1. When 10% of the total original contract amount is earned from other pay items, 100% of the amount bid for Mobilization, or 10% of the original contract amount, whichever is lesser, will be paid.
  - 2. Upon completion of all WORK on the Project, payment of any amount bid for Mobilization in excess of 10% of the total original contract amount will be paid.

### **SECTION 1015 – MEASUREMENT & PAYMENT**

- 7.1 MEASUREMENT FOR PAYMENT, MVM ENTRANCE REPAIR AS DETAILED IN PLANS (Pay Item No. 7061.1) PRICE BASED ON LUMP SUM.
  - A. Measurement for payment for MEASUREMENT FOR PAYMENT, MVM ENTRANCE REPAIR AS DETAILED IN PLANS, shall be a lump sum for all material needed to construct the project as specified in the plans. This includes all labor, equipment, and materials needed for the MVM Entrance Repair.
- 7.2 MEASUREMENT FOR PAYMENT, COMPLETED PROJECT CLEAN UP (Pay Item No. 7530.1) PRICE PER LUMP SUM.
  - A. Measurement for payment for Completed Project Clean Up shall be based lump sum upon the completion of the project and the final cleanup of the Mountain View Manor Entrance Repair Project 2024, work as Lump Sum All Required, complete, all in accordance with the requirements of the Contract Documents and as shown on the Plans. This includes all labor, equipment, and material needed for the work as shown on the plans and specifications.

PART 2 - PRODUCTS (Not Used)

PART 3 - EXECUTION (Not Used)

### **SECTION 1510 – MOBILIZATION**

### PART 1 - GENERAL

### 1.1 GENERAL

- A.
